

Ergo Line Combo

Neutral

Product description

Ergo Line Combo is made to hold and transport hot and cold food in two separate compartments. The box is designed with ScanBox ExP construction that combines optimized insulation performance with high operational reliability and environmentally conscious choices.

The box can be pre-cooled in refrigerated rooms. Extend chilled storage time by easily retrofitting runners for eutectic plate for further temperature

retention. ScanBox Ergo Line Combo is available in several sizes and variants with a capacity of up to 12 containers in the GN 1/1 standard.

Equipped with stainless steel chassis, excenter lock, solid door, 160 mm lockable wheels, removable U-guide rails with 80 mm spacing, black RAL 9005, as standard. The equipment can be easily adapted as required through available extra options.
